PROFILE

As a Software Engineer, I'm committed to driving innovation and delivering excellence. With a strong foundation in front-end development, including ReactJS, NextJS, and TypeScript, and expertise in UI libraries like Material UI, Antd, Prime React, and Tailwind CSS, I'm poised to contribute my skills and experience to dynamic and challenging projects. My goal is to continue advancing in the field while creating cutting-edge software solutions.

SKILLS

- JavaScript
- TypeScript
- ReactJs
- NextJs
- NodeJs
- ExpressJs
- MongoDB
- MySql
- Tailwind
- MUI/Antd/Prime
- Figma
- Git
- C/C++
- Docker

WORK EXPERIENCE

JR. SOFTWARE ENGINEER (FULL-TIME)

TechnoNext Ltd. | Jan 2023 - Present

During my tenure at (TechnoNext Ltd) software concern of Us Bangla Group, I had the opportunity to work on several exciting projects, honing my skills as a Frontend Developer. My primary focus was on building robust and user-friendly frontend solutions using various technologies and libraries.

PROJECT HIGHLIGHTS:

- **ShopLover.com** - E-commerce Website
  - Collaborated on the development of the renowned e-commerce website, ShopLover.com.
  - Contributed to the frontend of multiple modules, including inventory management, admin tools, accounting, and seller and customer interfaces.
  - Implemented features to enhance the user experience and improve the website's performance.

- **Us Bangla Airlines OTA** - Online Travel Agency System
  - Served as a Frontend Engineer for the Us Bangla Airlines OTA project.
  - Played a crucial role in crafting a seamless and user-friendly booking system for airline customers.
  - Collaborated closely with the backend team to integrate frontend components and ensure a cohesive user experience.

- **Us Bangla Land Asset** - Land Document Management
  - Worked on the Us Bangla Land Asset Project, a critical system for managing land-related documents and generating reports.
  - Developed user interfaces that streamlined the document retrieval and reporting processes, improving efficiency for stakeholders.

SOFTWARE ENGINEER (INTERNSHIP)

Teletalk Bangladesh Limited | Jan 2022 - May 2022

- **Corporate SIM Registration Automation**
  - Implemented Approval system. Improved data rendering time.
  - Developed an efficient and fast searching algorithm for the approval system.
  - Developed API for Login & Registration System.
  - Developed GUI for frontend.

EDUCATION

B.Sc. in Computer Science & Engineering

American International University - Bangladesh (AIUB)
Spring 2018 - Spring 2022 (CGPA: 3.23)

I am a proud alumnus of American International University - Bangladesh (AIUB), holding a Bachelor of Science degree in Computer Science & Engineering—a transformative educational experience that has shaped my technical prowess and problem-solving capabilities.

AWARDS & ACHIEVEMENT

- **ICPC (2020):** ICPC Dhaka Regional 2020 Preliminary Contest - Hosted by CSE, DU. I participate in ICPC 2020.
And I and my team ranked 802th out of 1500 teams from all over the country.
- **Hackerrank (2021):** I started solving problems on hackerrank from 2019 and I achieve a Five-Star gold badge with the point of 854 in 2021.
